

Full Speed Ahead in St. Louis!

The first 2010 Gibson arrived at Port Charles Harbor on March 17th. It was met by an enthusiastic group which included the marina owners and staff, Gibson Boats National Sales Manager Randy O'Malia and Nelson Spencer, Editor of Heartland Boating Magazine.

Everyone was all smiles as the 47 Classic was unloaded and positioned for commissioning. Gibson's elite carrier, Cameron Trucking delivered a 50 Classic several days later.

Port Charles Harbor is a family owned and operated 100 slip marina with four generations of marine experience. Their well qualified sales staff is both knowledgeable/experienced as they are long time Gibson owners and enthusiasts. Their highly regarded Service and Refinish Centers offer their customers what they have the right to expect: honest, fast and affordable service.

All of us at Gibson Boats are proud to welcome Port Charles Harbor to our dealer team!
